

Graduate Meal Plan (GMP)

Rice H&D in association with Rice GSA

Rice University Housing and Dining and Graduate Student Association have worked cooperatively to create a meal plan for graduate students. This meal plan will allow graduate students to eat in an undergraduate servery. The features of this meal plan are given below.

Details

1. Signing up for the Graduate Meal Plan

- a. Graduate students can sign-up for the Graduate Meal Plan by filling out the following Add Meal Plan Form [here](#).
- b. The total number of open positions in the Graduate Meal Plan is **200** for the fall and spring semester. If all 200 spots are filled, interested students can still sign-up and will be waitlisted for the GMP. If during a semester a GMP spot opens up, the students will be notified.
- c. Graduate students will have to sign-up for the Graduate Meal Plan each semester. Thus, at the end of the spring semester, you will need to sign-up again for the following fall semester.
- d. Sign-up for the fall semester begins Aug. 1 at 12:01am CST; sign-up for the spring semester begins Dec. 15 at 12:01am CST.

2. Choice of Plans

- a. Graduate students signing up for the Graduate Meal Plan can select either of the following options:
 - i. 85 lunches/semester: This is equivalent to five meals/week. Plan cost: \$680/semester
 - ii. 50 lunches/semester: Plan cost: \$400/semester
- b. **All unused meals will expire at the end of the semester. No Refunds for Unused Meals.**
- c. Charges for the selected plan will be billed to the student's ESTHER account as a one-time charge. The student is allowed to opt out of the GMP during the fall semester by August 31 and the spring semester by January 31. You may not opt out after the specified dates. If you decide to opt out by the dated indicated, the student will be refunded the pro-rated amount based on the number of meals that the student has used. However, a student who has opted out **cannot** rejoin the GMP during the same semester even if spots are available.

3. Choice of Servery

- a. Graduate students signing up for the Graduate Meal Plan can provide their top three preferences for the servery they wish to utilize.
- b. There are **FOUR** undergraduate serveries participating in the Graduate Meal Plan – *North, South, Seibel, and West*. Each servery has a limit on the number of graduate students that it can accommodate as a part of the Graduate Meal Plan. These are:
 - i. North – 60
 - ii. South – 60
 - iii. Seibel – 40
 - iv. West – 40
- c. The North and West serveries are located closer to the Engineering and Natural Sciences buildings while the Seibel and South serveries are located closer to the Bioscience Research Collaborative (BRC), Social Sciences, Humanities and Jones School of Business buildings. You can see the servery location map [here](#).
- d. Servery allocation will be made on a first-come-first-serve basis. Thus, whether or not you get allocated to your top preference will depend on whether or not all spots at your preferred servery(s) are filled.
- e. You can dine **ONLY** at your designated servery location with the exception of weekends or during a reduced meal schedule.

4. Rules and Regulations

These are used by the undergraduate college students for programming exclusive to members of the colleges. All members of the Graduate Meal Plan are expected to respect any ongoing college programs in the College Commons by not using the Commons during these events.
